

WE NEED MORE SPACE FOR OUR YOUNGEST LEARNERS

Our elementary schools are overcapacity, with enrollment projected to increase over the next few years.

We've taken steps to manage our space needs including using spaces not designed as classrooms, closing open enrollment, and more.

Preschool programming, Special Education, and intervention support are growing and need space.

VOTE ON OR BEFORE TUESDAY, AUGUST 9

Early voting via absentee ballot is now available.

DID YOU KNOW?

- If we were to build a new building on a new site, project costs would equal approximately **\$26.4 million** – almost **\$10 million more** than what we're currently asking to renovate the former Albany hospital.
- The estimated tax impact on a **\$150,000 residential home** in the district would be about **\$5.75 per month** starting in 2023.

Find your estimated tax impact here
